Projects

Terraform CI/CD Pipeline | *Jenkins, Terraform, AWS, GitHub Webhooks, Ngrok Explorer* **Dec 2025**

- Automated infrastructure provisioning by engineering a Jenkins CI/CD pipeline that utilizes Terraform to deploy and manage scalable AWS resources as code.
- Streamlined deployment workflow using GitHub Webhooks and Ngrok for automatic build triggers, ensuring continuous integration and immediate validation of code changes.
- Integrated security and governance by implementing credential masking, environment-specific variable logging, and a manual approval gate to ensure plan accuracy before execution.
- Repository Link: **https://github.com/Anuka264/terraform-cicd-byod**

Home Security System | *Python, OpenCV, TensorFlow, Raspberry Pi, IoT Sensors* **Apr 2024**

- Engineered an automated surveillance solution designed to process video feeds in real-time, detecting security anomalies and immediately notifying homeowners to reduce response times.
- Developed the core threat detection logic using computer vision algorithms to identify movement and specific object classes. Integrated the software pipeline with Raspberry Pi hardware and IoT sensors to ensure low-latency processing at the edge. Successfully deployed a notification system that pushes alerts upon detection, validated through rigorous testing for false positive reduction.

Certificates / Certifications

Microsoft Azure Fundamentals **Jan 2025**
Microsoft — file:///C:/Users/DELL/OneDrive/Pictures/Screenshots/Achievements%20-%20anudariganbaatar-9289%20_%20Microsoft%20Learn.pdf

Computer communications **Nov 2024**
Coursera — file:///C:/Users/DELL/OneDrive/Pictures/Screenshots/Coursera%20specialization%20sertificate.pdf

Skills

Languages: C, C++, HTML, Python, Java, JavaScript

Technologies/Frameworks: Docker, Postman, MySQL, MongoDB, AWS, React JS, Node JS, Git, GitHub, Ubuntu

Domain Skills: Data Structures and Algorithms, Problem-Solving, Responsive Web Design, Scripting in Python and JavaScript

Education

Lovely Professional University **2023 – Present**
Bachelor of Technology - Computer Science and Engineering — CGPA: 6.50 *Phagwara, Punjab*

105th Higher Secondary School **2020 – 2021**
12th — Percentage: 94.00% *Ulaanbaatar, Mongolia*

105th Secondary School **2016 – 2017**
10th — CGPA: 9.99% *Ulaanbaatar, Mongolia*
